Most boats didn't come with manuals. None of the boat builders produced an owner's manual in the early years and only a few did in the more recent years; but they were very limited in information and quite generic to either

the whole boat line or boating in general. Boat Owner's Manual - Old Boat Brochures Collection of bass tracker wiring schematic. A wiring diagram is a simplified standard photographic representation of an electrical circuit. It reveals the components of the circuit as streamlined forms, as well as the power as well as signal connections between the devices.
