Applied Optimization with MATLAB Programming - P ... I used this book for a course and the breadth of coverage of Applied Optimization topics is pretty good. The book talks about majority of algorithms and even provides MATLAB code. Please keep in mind that this is an 'Applied' Optimization text, so if you're expecting rigorous bound proofs, look elsewhere, for example Linear Programming by Bertsekas or Nonlinear Programming by Bertsimas. As archive means, you can retrieve books from the Internet Archive that are no longer available elsewhere. This is a not for profit online library that allows you to download free eBooks from its online library. It is basically a search engine for that lets you search from more than 466 billion pages on the internet for the obsolete books for free, especially for historical and academic books.
