## Where To Download Bi Metric Total Hip System Biomet

Bi Metric Total Hip System The Bi-Metric is an essential part of the Alliance family which comprises the largest assembly of hip implants utilizing one simple, accurate and reproducible set of instruments. Designed to off-load stresses gradually from proximal to distal, all Bi-Metric components incorporate Biomet's proven bi-planar taper geometry. The stem geometry promotes Bi-Metric Total Hip System - Biomet The Echo Femoral Hip System offers four stem designs with a wide range of sizing options to best meet patient needs and accommodate various surgical approaches: Echo Bi-Metric® stem provides clinically proven 1-5 proximal porous fixation in a
