winning teachers to help students develop conceptual understanding and to think about the practical, real-world use of chemistry. Chemistry: The Central Science, 14th Edition Chemistry: The Central Science incorporates a consistent problem solving process throughout so students always know where to go when problem solving. Analyze/Plan/Solve/Check helps students understand what they are being asked to solve, to plan how they will solve each problem, to work their way through the solution, and to check their answers. This 4 step problem solving methodology is introduced in chapter 3 (pg. 89) and implemented throughout the book. Chemistry: The Central Science, 11th Edition -
