The shift from high school-college note-taking to this new paradigm truly is unlearning the process of "busy work." This episode was valuable because it was app agnostic and focussed on learning, doing and thinking. Atomic Notes if the first-time I've re-listened to an episode Note-taking, like other forms of study, is a skill set. Unfortunately, few high school students are truly prepared for the level of information

processing demanded of them in college. The best way to prepare for college-level coursework is to develop college-level standards of note taking and organization. To start: Handwrite your notes.
